requires a minimum of 3 acres of land for playgroun purposes as it is selected for the games competition among the schools of the northern zone and for providing a standard cricket ground. As the space available now in the school is inadequate for a standard size cricket ground the acquisition is unavoidable. The Divisional Engineer Inspector of Schools, Coimbatore has recommended the acquisition of the plots. In these circumstances, the objections raised by the registered holders do not deserve any consideration. The other contention of Srimathi Mahalaxmiamma registered holder of S.No.198/3B, that she has no other house site except the plot proposed for acquisition was found to be incorrect. She does have other lands suitable for house building. The Secretary of the Sangha, has filed a statement substantiating the claims of the sanga for the proposed acquisition. As the necessity felt by the school authorities for the lands in question is genuine, the objections put forward by the registered holders may be overruled.

Under section 6 of the Land acquisition act, the Governor of Madras hereby declares that the land specified below and measuring acres (2.21) be the same a little more or less, is needed for a public purpose, to wit for play ground and for Craft and hobby purposes to Viveka High school Kota and under section 3 and,7 of the same Act, the Revenue Divisional Officer Coondapur is appointed to perform the functions of a Collector under Act and directed to take order for the acquisition of th A plan of the land is kept in the office of the Revenue Divisional Officer,Coondapur and may be inspected at any during office hours.
